- Outpatient
- Detox & Stabilization
- Residential Treatment
- Support Services

# Outpatient

- Individual counseling for adults, adolescents and children for mental health and/or substance use disorder(s).
  - Mental health & psychiatry
  - Substance use disorder
  - Family involvement and support
  - Private counseling
  - Group counseling
  - Medication assisted treatment (MAT)
  - Maternal mental health
  - Recovery Coaching & more!

# Detox & Stabilization

## Horizon Village Terrace House:

- **Detox & Withdrawal Services** – This program offers medically supervised withdrawal protocols, screening for substance use disorders and discharge planning to help one stay the course of sobriety and prevent relapse.
- **Stabilization Services** – Length of stay is based on patients ability to stabilize and reach their clinical milestones. Most patients after the completion of the detoxification protocol will transition in to stabilization services. The admittance to this program depends on individual needs.

# Residential Treatment

Horizon offers several different types of residential treatment options for severe substance use disorders and co-occurring mental health disorders.
